Opinion Poll

Recently there has been talk of lifting the ban on women in combat. The Pirate interviewed people on the street, both military and civilian, to see what they think.

"I adamantly oppose this motion. I repeat, adamantly oppose this motion! If we send all of our assault weapons abroad, who's gonna be here?"

"We already can't tell if those broads are bros anyway, you know. What's the difference? Don't ask, can't tell. Give 'em a gun, and pat 'em on the ass on the way out the door."

"We should totally let chicks in the military. I have this rock-solid battle plan where we send them all out together during their 'time of the month,' and then those vampire-shark-terrorist people will smell them and come, and they'll be like, 'Oh no you din't! You have no idea how bad my PMS is.' And then they'll just get all unreasonable and emotional and probably kill them
